2 February 1983

MEMORANDUM FOR: Director of Data Processing

ATTENTION   :   Executive Officer, ODP

THROUGH   :   Chief, Interactive Systems Branch
                    Chief, Systems Programming Division
                    Deputy Director for Processing, ODP

STAT   FROM   :

Interactive Systems Branch, SPD

SUBJECT   :   Assistance to HBE Data Services

We request permission to provide the following assistance to HBE Data Services as provided for in ODP Instruction 7-5-77:

a.   Agency Assisted:
HBE Data Services
717 Office Parkway
St. Louis, Missouri 63141

b.   Description of Assistance: HBE has requested that we provide them with a copy of our PROC System for writing structured assembly language programs. We have already placed this facility in the public domain. Because the interest in PROC is somewhat limited, we have not refreshed the public domain copy every time a change was made. PROC provides a service that is not currently available in software offered by a vendor.

c.   Location of Assistance: NA.

d.   Component Involved: ODP/P/SPD/ISB.

e.   Basis for Activity: This direct release of software is a common extension to the public domain procedures and has been deemed to be the most economical way to respond to this request.

f.   Financial Cost: Approximately $10 of computer time will be required to create the tape.

g.   Manpower: Approximately 15 minutes should be required for a systems programmer to prepare the tape.

SUBJECT: Assistance to HBE Data Services

Dear   STAT

The PROC system of structured macros is certainly an appealing
concept. Would you be so kind as to send me a copy?

Thank you for your consideration.

Sincerely,

HBE DATA SERVICES

Jeffrey A. Herbanek
